"Fits Any Floor Machine"

GRIND

PCD Trapezoids available to grind, scrap, remove paint, glue, epoxy & adhesives.

Diamonds to grind or polish. Grits available 16 to 3000

SCRAPER+plus™

Built with 6 free floating / Independent carbide edge scraper heads, each with 8 sided cutting blades. Removes cut back, glue, vinyl, paints, fiberglass, and epoxy with fast aggressive results

SCARIFY

Choose from 16 different tools on rough concrete, designer stone, ceramic or wood in preparing for adhesives. Use the scarifier tools to remove gummy adhesives or to create a short blast look

POLISH

Remove lippage and level floors wet or dry. Resin or Metal diamond discs. Begin with 50 to 8500 grit or until you receive the desired look

SAND

Use the Waffle Discs (Xtreme Sandpaper) to prepare concrete surfaces, sand hardwood, refinish outside decks, and sand joints and high spots on plywood

CLEAN

Mount 6 stiff nylon 46, 80, 120, 240, or 500 grit brushes to strip concrete, re-coat hardwood, and remove the heaviest soils, vinyl, grease, oil, wax, and oxidation
